To whom it may concern:

I was very pleased with the services and work done by Nadler Modular on the trailer that is now our office. They provided us with a high quality facility. The work was done efficiently and effectively, both in the delivery of the product and in the set up of the modular complex that is our office. In addition, their prices were competitive.

Nadler Modular offered us the attention one would expect from a small business coupled with the expertise of a much larger business. Their customer service was exceptional.

Based on their performance for me I would recommend Nadler's products and services to other entities, both public and private.

Sincerely,

Bram Gunther

Nadler Mobile, LLC
Attn: Steve Muller

Steve,

Please allow me to take this opportunity to express my gratitude for your efforts over this past winter. The five complexes that Nadler put into place on our construction sites between November and January are top notch. With minimal notice, you were able to meet all of our deadlines, while maintaining fair pricing for quality office space. Service issues have been minimal, but when we did experience problems, you were right there for us. I couldn't ask for better communication, with your response time to my calls and e-mails usually less than one hour.

Thanks again, for making my job a whole lot easier. I look forward to many years of continued business with you folks.

Sincerely,

Jim Painton
