**E-J ELECTRIC INSTALLATION CO.**

CONSTRUCTING ELECTRICAL ENGINEERS

January 2, 2019

RE: Letter of Recommendation

To Whom it May Concern:

I am writing to recommend the products and services offered by Nadler Modular, LLC.

Steve Muller and Jeff Neeman have exhibited an outstanding level of professionalism in responding to our needs for office trailers on a \$1.4B public works project. They are knowledgeable, courteous, and friendly. In addition to their competitive rates and flexible terms, Nadler excels at providing timely responses to requests or concerns.

It is for these reasons, E-J Electric plans to use Nadler Modular on future construction projects.

Please feel free to contact me should you have any questions.

Sincerely,

Jennifer Galloway, PMP  
Compliance Manager  
E-J Electric Installation Co.
