Reference
WM-30 Reconstruction of Delaware
Aqueduct Shafts 9, 10, and 17
Contract #DEL-159G

Subject: Nadler Modular Structures
To whom it may concern:

I confirm that I have been doing business with Nadler Modular Structures since 2003. During this time they have provided us with 8 modular buildings for our Reconstruction of the Delaware Aqueduct project. Since this time they have provided my business with quality modular buildings including reliable services with regards to installations and delivery. Any payment or billing issues were handled in a professional manner. The modular units they have provided have proven to be of excellent quality. I can confidently recommend Nadler Modular Structures to be a solid and reliable supplier.

Very truly yours,
Gottlieb Skanska, Inc.

Steven A. Ghirardi
Project Manager
